Features Completed

- Individual content pages for books (User Stories #21, #22 & #23)
- Migrating the database from H2 to MySQL
- Refactoring changes to improve the quality of the application

Features Not Completed

- Administrator log in (User Story #27)

Product Backlog Changes

- User stories 21,22 & 23 moved to 'Completed'

What to do Next Sprint

- We would continue to implement new features to improve the functionality of our application
- We would fix any 'rough edges' in the UI of our application to make it more appealing
